Summary

I'm a Computer Science engineering student with a strong foundation in software development, algorithms, and data analysis. I've worked on projects like an AI-powered facial care assistance platform and gained hands-on exposure to IoT systems, applying skills in Python, Java, C++, SQL, and web development. Comfortable with databases, full-stack development, and AI chatbot integration, I enjoy building intelligent, user-focused applications. Passionate about problem-solving, continuous learning, and applying technology in ways that create practical impact..

Experience

IoT Embedded Systems Workshop

January 2023

- Participated in a practical workshop on IoT and embedded systems.
- Worked with microcontroller programming, sensor integration, and real-time data communication.

Projects

AI-Powered Facial Care Assistance Platform

May 2024

- Developed a web-based platform to enhance facial health awareness and provide personalized skincare support through an AI-powered chatbot.
- Implemented tailored skincare tips, product recommendations, and routine guidance based on user inputs, improving engagement and education via an intelligent, interactive interface.

AI-Driven Personal Safety & Smart Route System

March 2024 -Present

- An AI-powered app that ensures safer travel through smart route planning and destination safety analysis using crime data, lighting, CCTV, and emergency services plus real-time alerts and SOS support.

Skills

- **Programming Languages:** Python, Java, C, C++, SQL, HTML, CSS, JavaScript, PHP
- **Development & Tools:** VS Code, Git, GitHub, Jupyter Notebook, MySQL Workbench
- **Technologies & Frameworks:** Flask, OpenCV, Bootstrap, Node.js, REST APIs, AI Chatbots

- **Database & Web:** MySQL, MongoDB (basic), Full-Stack Web Development
- **Soft Skills:** Problem Solving, Teamwork, Communication, Adaptability, Time Management

Education

Bachelor of Engineering in Computer Science and Engineering

Yenepoya Institute of Technology, Mangalore
CGPA : 7.2

2022 – present

Higher Secondary Education

P.M.S.A.P.T.M.VHSS.Kaikottukadavu, Trikaripur
Grade : 72%

Secondary Education

Mujammau English School, CBSE aff., Trikaripur
Grade : 72%

2020

Certifications

- IIT Bombay (Spoken Tutorial): Java Business Application
- IIT Bombay (Spoken Tutorial): Python 3.4.3
- IIT Bombay (Spoken Tutorial): PHP and MySQL Training
- IBM Center of Excellence: Rapid Development for AI Services
- Simplilearn: Machine Learning Using Python
