Summary

Motivated AI/ML engineering student with hands-on experience in data handling, SQL, and full-stack development. Experienced in combining raw data from diverse sources, analyzing and organizing it for real-world AI solutions. Proficient in building applications using MySQL and MongoDB, with practical knowledge of SQL procedures. Skilled in data visualization, technical documentation, and effective collaboration across teams. Passionate about enhancing data quality and contributing to the development of BI products and systems.

Experience

Cybersecurity intern

Academor

December 2023 – January 2023

- Learned core concepts like password protection, phishing awareness, and device security
- Applied the concepts into real world application

Hackathon

Sridevi IT,Karnataka

October 2024

- Built an Agriculture Chatbot and Disease Detection tool during a 24-hour national-level hackathon at Sridevi Institute of Technology
- Developed and integrated a Streamlit-based chatbot to assist farmers with crop-related queries, enhancing accessibility to agricultural support using AI.

Skills

Programming

Python,C,Julia,C++,SQL

Web Development

HTML,CSS,React,Django

Database Management

MySQL,MongoDB

Version Control

Git,Github

AI & ML

Soft Skills

Communication,Team
Collaboration

Education

Bachelor of Engineering in Artificial intelligence and Machine learning

Yenepoya Institute of Technology,Mangalore

2022 – present

CGPA : 7.42

Higher Secondary Education

Wadihuda Progressive English School,CBSE aff.,Payangadi
Grade : 71%

2020 – 2022

Secondary Education

Latheefiya English School,CBSE aff.,Payyanur
Grade : 84%

2020

Certifications

- Python for Data Science – IBM Skills Network (Jan 2024)
- Prompt Engineering – CognitiveClass (Jan 2024)
- HTML – Spoken Tutorial (Feb 2024)
- Cybersecurity – Academor (Feb 2024)
- Java – Spoken Tutorial (Jul 2024)
- MongoDB Basics – MongoDB University (Jul 2024)
- Hands-on AI for Real World Applications – IIT Kharagpur (Nov 2024)
- Rapid AI Services Development – eTrain (Dec 2024)
- R – Spoken Tutorial (Dec 2024)
- NLP & Text Mining – Simplilearn (Mar 2025)
- Git Training – Spoken Tutorial (May 2025)
